

INVISION™ Cash Central Receipts

ONE INTERFACE. EVERY PAYMENT TYPE

Cash Central consolidates your entire receipting workflow into one easy-to-use solution. Whether you're collecting utility payments, tax remittances, motor vehicle fees, or general revenue, your staff can process it all from a single screen, eliminating the friction of juggling multiple systems and reducing the risk of costly errors.

FLEXIBLE DEPLOYMENT

INVISION can be deployed in a hosted environment (Cloud), which means the server resides within a secure Northern Data Systems data center. Backups, software updates, hardware upgrades and other system related tasks are performed by NDS staff, so you can experience zero down-time.

SECURE CONTROL

Built around a robust set of checks and balances, the system requires user authentication and maintains a detailed audit trail of every transaction.

- User-definable Quick Cash transaction codes allow for fast and easy entry.
- Supports OCR handheld scanners, receipt printers, check validation equipment.
- Multiple transaction types on a single receipt or separate receipts as well as ability to email receipt.
- Configure virtually any transaction type to match your organization's needs, with direct impact on GL, Revenue and Appropriation Accounts.

INVISION Cash Central Receipts

Managing incoming payments shouldn't slow your organization down. Northern Data Systems' INVISION Cash Central Receipts gives government and public sector teams a single, streamlined interface to receipt every type of cash transaction accurately, efficiently, and with full confidence.

One Interface. Every Payment Type.

Cash Central consolidates your entire receipting workflow into one easy-to-use solution. Whether you're collecting utility payments, tax remittances, motor vehicle fees, pet licenses, hunting licenses or general revenue, your staff can process it all from a single screen, eliminating the friction of juggling multiple systems and reducing the risk of costly errors.

Flexible Payment Processing

Accept the payment methods your constituents prefer: **Cash, check, and credit card** are all supported. Print one receipt per transaction or consolidate multiple payments onto one. Deliver paperless confirmations directly to payers, supporting sustainability goals and reducing paper costs.

A Tradition of Excellence

Northern Data Systems' INVISION and EDIFICE offer utilities and local governments a complete enterprise software suite, featuring billing, field service, and financial accounting tools. Backed by over five decades of local government and utilities successes, NDS demonstrates their commitment to the marketplace by providing cutting-edge software, support, hardware, and cloud solutions.

Cash Central Receipts Features

AWARD WINNING

SUPPORT

Discover award-winning customer service from your trusted single-source provider! Whether it's questions about functions and processes, critical documents, or IT networking and hardware, our experienced team understands your business and delivers quick, effective answers all in one place.

MODULAR DESIGN

NDS' modular platform lets you start with what you need and add applications as your organization grows or changes. Choose from a full suite of integrated apps including Payroll, Payables, Purchasing, Human Resources, Tax Billing, and Cash Central Receipts. Every application works seamlessly together, giving you a connected solution without the complexity.

TURNKEY SOLUTIONS

Eliminate your technology gaps with Northern Data Systems as your single-source IT partner. We offer a comprehensive portfolio of integrated, turnkey products and services, all from one trusted vendor. Our goal is simple, to give you powerful tools that work together so you can focus on serving your community, not managing your technology.

INVISION Cash Central delivers the security, accuracy, and control that public sector finance teams need to manage cash receipts with complete confidence. Built around a robust set of checks and balances, the system requires user authentication and maintains a detailed audit trail of every transaction, so your organization always knows exactly where funds are going and who handled them. User-defined cash codes take the manual effort out of entry by automating descriptions, amounts, and account distribution, allowing clerks to process payments faster and with fewer errors. Cash Central also supports a range of peripheral hardware including OCR readers, handheld barcode scanners, receipt printers, and check validators, so your team can work with the tools already in place. Cash Central integrates with the Maine Online Sportsman's Electronic (MOSES) System streamlining the process for hunting, fishing and various outdoor registrations. Batch and summary transaction totals keep supervisors informed throughout the day, while built-in next-day batch support means staff can efficiently balance and close out daily transactions without disruption.

Cash Central gives your team the tools to process payments faster, maintain clear records, and deliver a better experience to the people you serve.

Available INVISION applications include General Ledger, Payroll, Fund Accounting with Budgeting, Purchasing, Accounts Payable, Tax Assessing and Billing, Appraisal, Cash Central Receipts, Human Resources, Fixed Assets, Motor Vehicle Registration, Permits and Code Enforcement, Licensing and much more.

Cash Central Highlights

- Cash Central explorer uses a user-friendly calendar view to show total cash received on a given day. Drill down to transaction level to view receipt, endorsement and distributions.
- Receipt integration with ME State MOSES system
- Deposit report lists tender for each transaction and provides a deposit listing by bank.
- Group Mortgage payment feature makes it easy to receive escrowed tax payments from Mortgage Holders.
- Multi tender types support cash, check and credit card.
- Transaction history allows for convenient receipt lookup and reprint capability.
