

INVISION™ Motor Vehicle Registration

AUDIT CONTROL

INVISION Motor Vehicle Registration takes the guesswork out of auditing and cash reconciliation. The system controls registration inventory, calculates and tracks change due, and ties out daily cash with ease, giving your office the financial accountability it needs while reducing the risk of fraud and theft.

FLEXIBLE DEPLOYMENT

INVISION can be deployed in a hosted environment (Cloud), which means the server resides within a secure Northern Data Systems data center. Backups, software updates, hardware upgrades and other system related tasks are performed by NDS staff, so you can experience zero down-time.

MAINE STATE

COMPLIANT

Fully compliant with all Maine state reporting and filing requirements, INVISION Motor Vehicle Registration keeps your office aligned with every regulation. The system also transmits required information and reports to the state electronically.

- Wizards make Motor Vehicle easy for staff to use and simplifies even complex registration transactions.
- Registration screens are designed to look like actual registration forms, so they are easy to follow and record information.
- Strong cash reconciliation controls and other strong audit functions make Motor Vehicle Registration safe and secure to use.
- INVISION Motor Vehicle is designed to meet or exceed State of Maine Bureau of Motor Vehicle standards.

INVISION Motor Vehicle Registration

Technology for Local Government

Registering a motor vehicle is a demanding task that your office handles every day. Between complex state reporting requirements and the constant need to track and control incoming cash, even small errors can cost time and trust. Northern Data Systems' INVISION Motor Vehicle Registration is built to simplify it all. It processes transactions quickly and accurately, giving you tight control exactly where it matters most, right at the point of registration. Its intuitive design mirrors a familiar registration form on screen, guiding your staff through every step with confidence.

The result is faster service, cleaner records, and the financial accountability your community depends on.

A Tradition of Excellence

Northern Data Systems' INVISION and EDIFICE offer utilities and local governments a complete enterprise software suite, featuring billing, field service, and financial accounting tools. Backed by over five decades of local government and utility successes, NDS demonstrates their commitment to the marketplace by providing cutting-edge software, support, hardware, and cloud solutions.
