

INVISION™ Payroll

FLEXIBLE SOFTWARE

INVISION Payroll is a powerful, yet flexible software solution specifically designed to address the payroll processing needs of local governments and utilities. Users can customize the Payroll setup to their specific needs.

FLEXIBLE DEPLOYMENT

INVISION can be deployed in a hosted environment (Cloud), which means the server resides within a secure Northern Data Systems data center. Backups, software updates, hardware upgrades and other system related tasks are performed by NDS staff, so you can experience zero down-time.

COMPLETE REPORTING

INVISION Payroll allows for complete reporting including all state and federal required reports as well as retirement reporting. ODBC connectivity is also supported, which makes ad hoc reporting easy.

- “Exception” based payroll processing keeps input and changes to a minimum making the task easy.
- Unlimited check history and pay rate history tracking with reporting and query capability.
- Flexible deductions, deduction schedules and flexible wage tracking are all standard features.
- Automation, security and convenience with Direct Deposits, Time Imports, and Check Stub Email capability
