

INVISION™ Pet Licensing

One Step Registration

The Pet Licensing makes registering a pet a simple and fast one step process.

Fast Record Retrieval

Look up by breed, pet name, tag or chip number, street, or owner.

Answer field calls about strays quickly.

Auto Generate Notices

Pet Licensing features an advanced notice generation making it easy to send customized license renewal reminders, license expiration notices and unregistered violation notices.

INVISION Pet Licensing Simple, Fast, and Built for Local Government

Pet licensing shouldn't slow your office down. Northern Data Systems' INVISION Licensing brings registration, records, reporting, and notices together in one easy-to-use application, so your team works faster, serves your community better, and stays in control.

Why Local Governments Choose INVISION

- **One-screen simplicity** — Manage daily tasks from a single, intuitive interface that's easy to learn and use.
- **Faster service** — Easy Registration entry and powerful search get pets, owners, and records in seconds.
- **Accurate records** — Replace paper files and paper spreadsheets with clean, reliable data you can trust.
- **Integrated workflows** — Works seamlessly with other INVISION applications and Microsoft Office.
- **Automatic receipts** — Treasurer's receipts are produced for you, every time.
- **Easy Re-registration** — Renew records quickly using the built-in copy tool.
- **Flexible Reporting** — Generate state and local reports plus daily receipt reconciliation. Export to Excel or Word with one click.

INVISION Licensing simplifies registrations, improves record accuracy, and helps your staff spend less time wrangling data and more time serving residents. When your tools work together, everything moves faster and you have peace of mind.
