INVISION™ Payroll

FLEXIBLE SOFTWARE

INVISION Payroll is a powerful, yet flexible software product specifically designed to address the payroll processing needs of local governments and utilities. Users can customize the Payroll setup to their specific needs.

MODULAR DESIGN

With INVISION you can add different software modules as your needs change or grow. Fund Accounting, Purchase Orders, Human Resource, Tax Billing & Assessing are just a few of the available INVISION modules.

COMPLETE REPORTING

INVISION Payroll allows for complete reporting including all state and federal required reports as well as retirement reporting. ODBC connectivity is also supported which makes ad hoc reporting easy.

INVISION Payroll

The INVISION Payroll is a highly functional and full-featured "exception" based payroll processing system designed to meet the rigorous demands of the public sector workplace. Developed to provide the utmost in flexibility, the payroll module handles even the most complicated tasks easily. Fully integrated with other INVISION software modules or standalone, Payroll provides your organization with a solid platform to handle all of your payroll needs in the most efficient manner possible.

- "Exception" based payroll processing keeps weekly input and changes to a minimum making the task easy.

- Unlimited check history and pay rate history tracking with reporting and query capability.

- User definable deductions, deduction schedules and flexible wage tracking are all standard features.

- Online employee audit file records every change to employee files with date/time and user ID.

Designed and written using contemporary technology, INVISION provides public sector entities with a comprehensive software tool. INVISION emphasizes "ease of use" and is designed to make processes quick and efficient. Architected and built directly by Northern Data Systems, INVISION is a highly integrated yet modular system. Whether you choose a single module now and add modules later, you have the confidence that the entire system is designed to work together.

Serving Those Who Serve the Community

PAYROLL Features and Benefits

The INVISION Payroll allows you to easily customize unlimited deductions and deduction schedules as well as multi-department gross pay distribution. Using a highly flexible table driven architecture, Payroll handles all state and federal tax calculations as well as state retirement, basic, supplemental and dependent insurances. The system also supports electronic direct deposit, check reconciliation, benefit accrual, fringe benefit tracking, and is integrated with Accounts Payable for withholding check processing and much more. The system has a flexible wage reporting system that tracks calendar, fiscal, and contract wages. The INVISION Payroll is a powerful and flexible payroll management system for the public sector.

Available INVISION modules include Payroll, Fund Accounting with Budgeting, General Ledger, Accounts Payable, Purchase Orders, Tax Assessing and Billing, Appraisal, Human Resources, Fixed Assets, Motor Vehicle Registration, Permits and Code Enforcement, Licensing and much more

SOFTWARE SUPPORT

INVISION is backed by a team of professionals who understand how municipal government operates. They have real world experience in operating the software and answer questions in a quick and efficient manner.

CLOUD BASED

INVISION can be deployed in a hosted environment (Cloud) which means the server resides within a secure Northern Data Systems data center. Backups, software updates, hardware upgrades and other system related tasks are performed by NDS staff which maximizes system availability.

TURNKEY SOLUTIONS

At NDS, our objective is to be your single-source provider of information technology. We pride ourselves on our breadth of turnkey products and services that are focused on giving our customers powerful tools that work together, all from a single vendor.

System Highlights

Efficient exception based data entry interface reduces errors which lowers payroll processing costs.

Specialized reporting functions for School Management, Minority and E.E.O., and electronic W2s submission.

Built-in Ad hoc reporting capability that does not require IT experience allows efficient access to payroll data.

Direct Deposit, Check Reconciliation, Benefit Accrual tracking, fringe benefit tracking and distribution.

- Easily customize unlimited deductions & deduction schedules as well as multi-department gross pay distributions.

- Import third-party time clock files and electronic time sheet entry (Remote and Central departments) allows for time entry automation.
